

Hello All,

This message is intended to provide guidance on uniform apparel and its appropriate wear.

OAG 25.000 Safety Personnel Uniforms and its appendices outlines what articles of clothing and accessories are Department approved. Only items listed in this policy are suitable for on duty wear.

The ACFFA Store (aka Union Store) sells a multitude of union apparel that is NOT approved for on duty wear, including the hooded sweatshirt. These articles, however, are approved for all union events and functions, and off-duty wear. Brian Derickson is working on updating the descriptions of items within the store to specify what is NOT approved for on duty wear.

Please review *OAG 25.000* and its appendices and ensure your items conform to these guidelines.

Thank you,
The Union
